[What is an at-home race?](#)

An at-home race provides the opportunity for athletes to complete their race from wherever is most convenient and safest for your family. Athletes are able to still be part of our race community by sharing their successes and will still be recognized for their achievements.

[What do I get with my registration fee?](#)

With your registration fee, you will receive an event t-shirt (size and availability guaranteed if registered by t-shirt deadline; otherwise, shirts will be first-come, first-serve), a racing bib, and an event medal. As usual, your registration fee is donated back to your school for use on health and wellness initiatives.

[Can my child participate even if we do not live in Dane County?](#)

Yes! One of the exciting elements of the at-home race is that you can complete your race wherever you are – no travel required on race weekend!

At-Home Race Frequently Asked Questions (FAQs)

How do we figure out which course to do?

When you register for the event, you will select At-Home Race. You can decide which distance you would like to do when you complete your race at home.

How do we measure our course distance?

You are welcome to use whatever method you like to measure your race distances. If you need some ideas on how to measure the distances, please contact us.

How should we prepare for an at-home race?

To get ready for your race, you will need to map out your route based on your preferred course distance. Next, you will need to assemble your gear. This includes closed-toe shoes that you would like to wear for running and biking and weather-appropriate clothing. You may also want to have a water bottle ready to stay hydrated during and after your race. Prior to starting your race, warm-up with a few jumping jacks and stretches.

How should we plan for a safe race-day experience?

As you plan for your child's race, keep the following safety recommendations in mind:

- 1) Athletes should complete their race with appropriate adult supervision. Make it a family event and run along with your child if you like! Adults do not need to register for the race.
- 2) Obey traffic laws and follow social distancing recommendations while completing your race.
- 3) Review conditions prior to your race and adjust your plan as needed; this may include weather and the conditions along your planned course. Make sure that you can see and be seen and consider wearing bright clothes so that any other pedestrians or vehicles are able to see you better.

Note that this is not a comprehensive list, and it is your responsibility to use your judgement to ensure your child participates in a safe manner.

When should we complete the race?

You are welcome to complete your at-home race whenever is convenient for your schedule.

Can my child complete their race with another person?

Yes! Your athlete is welcome to do the course with a sibling, friend, or adult. Parents or other adults are welcome to do the race along with their child.

How do we let Tri 4 Schools know that our child completed the race?

You do not need report back any results to T4i 4 Schools. We love to see our young athletes in action; you are welcome to share your successes with us by posting a picture or note to our Facebook event page, or by emailing info@tri4schools.org. Use the event hashtag listed in the pre-race email when sharing on social media.

At-Home Race Frequently Asked Questions (FAQs)

Do we need to submit times?

We encourage each athlete to do their personal best and will not be collecting times or tracking results for the at-home event. Your child may find it fun to track their time to challenge themselves or to have a little friendly competition with a sibling or friend.

Are there awards for the at-home race?

We are not recording results or awarding trophies for the at-home race. We encourage participants to do their best and have fun being active!

What if my child does not want to, or is not able to, complete their race?

We get it; some days you need to alter your race plan to do your best for your day. If your child does not want to complete their race, or does not even want to start, that is okay. Celebrate the success of what they were able to accomplish that day. You can always try again another time!

What if there is inclement weather during the race weekend?

Although our in-person events are held rain or shine, for the at-home event, you will need to make your race decisions based on what is safe for your child given the current weather conditions.

Who can I contact with additional questions?

If you have additional questions or need more details, please contact our race director at kbrasel@tri4schools.org or 608.416.4051.
